The Honorable Kevin McCarthy, Speaker  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Chuck Schumer, Majority Leader  
United States Senate  
Washington, D.C. 20510

The Honorable Hakeem Jeffries, Minority Leader  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Mitch McConnell, Minority Leader  
United States Senate  
Washington, D.C. 20510

Dear Speaker McCarthy, Leader Schumer, Minority Leader Jeffries, and Minority Leader McConnell:

On behalf of the undersigned associations representing emergency managers, first responders, floodplain and flood risk managers, and state and local governments, we implore you to act swiftly on either a Continuing Resolution (CR) or the Administration's request for an additional \$12 billion for the Disaster Relief Fund (DRF) at the Federal Emergency Management Agency (FEMA).

The DRF provides funding to support state and local efforts during the long response and recovery process after a disaster. In the absence of the DRF being adequately funded, recovery projects grind to a halt and FEMA implements punitive measures stifling response efforts. Funding the DRF will ensure that Hawaii and Louisiana will be able to continue their response and immediate recovery from their devastating wildfires, that California can move ahead with recovery from the first west coast hurricane since 1939, and that southeast and mid-Atlantic states will have the resources and support necessary for the latter, and typically busiest, part of hurricane season.

The Administration's supplemental request would provide FEMA with \$12 billion in funding to replenish the DRF. Alternatively, Congress often allows FEMA to receive a full-year apportionment for the DRF under a CR, so completing such a stop-gap measure as quickly as possible upon your return from recess would also bolster the DRF.

Either of these options provides FEMA with the necessary funds to continue supporting state and local governments and disaster survivors during their most pressing time of need. We appreciate your support of one of these options.

Sincerely,

American Public Works Association  
Anthropocene Alliance  
Association of State Floodplain Managers  
Big City Emergency Managers  
BuildStrong Coalition
